

Advanced Vision Systems Inc (AVSI) participates in the 2012 Alzheimer's Association® Memory Walk™ in Southern Maryland

Saturday, September 15, 2012

On Saturday, September 15, Advanced Vision Systems Inc. (AVSI) participated in the 2012 Alzheimer's Association® Memory Walk™ in Southern Maryland. This is the third year AVSI has participated. AVSI employees, family and friends all came out to Regency Stadium to walk in memory of Neal (Handsome) Drinkard. Team "Handsome Dad" had 17 team walkers.

AVSI's long term goal is to see their fundraising efforts increase substantially in order to increase funds for Alzheimer care, support and research. "We set the bar very high and wondered at times, if we could really meet it", said Pennie Drinkard, President of AVSI. "We are so excited to have increased our giving over 400% and added 5 walkers this year. AVSI wants to thank everyone who contributed. It was great to see so many teams supporting the Memory Walk this year!"

Team "HANDSOME DAD" Walkers

(Back Row): Melissa Facchina, Selma Tint, Pamela Hoffman, George Leonard IV, Brenda Leonard, Alan Gantt, Christy Swann
