

AVSI awarded security contract by the US ARMY Transportation School Museum

Advanced Vision Systems Inc. announced today the award of a contract by the US Army Transportation School Museum for the installation and upgrade of the security system.

Under this contract, AVSI will support the Army in areas of program management and the delivery of a CCTV security solution to include design, installation and integration with the current security management system.

AVSI will work to allow the US Army Transportation Museum's personnel to identify and resolve all events as they occur ensuring the integrity of the site.

"AVSI is proud to be a part of the security of the museum that captures a portion of history and progress of the US Army. The artifacts and exhibits are a great reminder of how far our country has come in the transportation of our Armed Forces."
