

Advanced Vision Systems Inc (AVSI) was Awarded a Contract by the Naval Surface Warfare Center Indian Head Division (NSWC IHD)

Advanced Vision Systems Inc announced today the award of a contract by the Naval Surface Warfare Center (NSWC) Indian Head Division for engineering and technical support services. This contract is a performance-based Indefinite Delivery, Indefinite Quality (ID/IQ) type with a period of performance of 12 months and provisions for two 12-month option periods.

Under this contract, AVSI will provide engineering, logistics, technical, and program management support services to include personnel, material, services and facilities to perform, accomplish and complete the tasks required to support ordnance and related systems.

“We are very pleased to have this opportunity to serve our nation’s military personnel and work along side some of our Nation’s brightest and best “energetic” minds,” said AVSI President, Pennie Drinkard. “We are fortunate to have been able to open an office in such close proximity to NSWC Indian Head as it will allow us to more efficiently meet their needs.”
